crop year during 1981-1985.	none		
9. List highly erodible fields that have been or will be converted for the production of agricultural commodities and, according to ASCS records, were not used for this purpose in any crop year during 1981-1985; and were not enrolled in a USDA set-aside or diversion program.			
10. This Highly Erodible Land determination was completed in the: Office S Field			
SECTION II - WETLAND	FIELD NO (c)	TOTAL 40050	
11. Are there hydric soils on this farm? Yes \(\sqrt{Y} \) No \(\)	FIELD NO.(s)	TOTAL ACRES	
12. Wetlands (W), including abandoned wetlands, or Farmed Wetlands (FW) or Farmed Wetlands Pasture (FWP). Wetlands may be farmed under natural conditions. Farmed Wetlands and Farmed Wetlands Pasture may be farmed and maintained in the same manner as they were prior to December 23, 1985, as long as they are not abandoned.	1-3	9.0 ±	
13. Prior Converted Cropland (PC). Wetlands that were converted prior to December 23, 1985. The use, management drainage, and alteration of prior converted cropland (PC) are not subject to the wetland conservation provisions unless the area reverts to wetland as a result of abandonment.		_	
14. Artificial Wetlands (AW). Artificial wetlands includes irrigation-induced wetlands. These wetlands are not subject to the wetland conservation provisions.			
15. Minimal Effect Wetlands (MW). These wetlands are to be farmed according to the minimal-effect agreement signed at the time the minimal-effect determination was made.			
16. Mitigation Wetlands (MIW). Wetlands on which a person is actively mitigating a frequently cropped area or a wetland converted between December 23, 1985 and November 28, 1990.			
17. Restoration with Violation (RVW-year). A restored wetland that was in violation as a result of conversion after November 28, 1990, or the planting of an agricultural commodity or forage crop.			
18. Restoration without Violation (RSW). A restored wetland converted between December 23, 1985 and November 28, 1990, on which an agricultural commodity has not been planted.			
19. Replacement Wetlands (RPW). Wetlands which are converted for purposes other than to increase production, where the wetland values are being replaced at a second site.			
20. Good Faith Wetlands (GFW+year). Wetlands on which ASCS has determined a violation to be in good faith and the wetland has been restored.			
21. Converted Wetlands (CW). Wetlands converted after December 23, 1985 and prior to November 28, 1990. In any year that an agricultural commodity is planted on these Converted Wetlands, you will be ineligible for USDA benefits.			
22. Converted Wetland (CW+year). Wetlands converted after November 28, 1990. You will be ineligible for USDA program benefits until this wetland is restored.			
23. Converted Wetland Non-Agricultural use (CWNA). Wetlands that are converted for trees, fish production, shrubs, cranberries, vineyards or building and road construction.			
24. Converted Wetland Technical Error (CWTE). Wetlands that were converted as a result of incorrect determination by SCS.			
25. The planned alteration measures on wetlands in fields are consider with FSA.	red maintenance and a	are in compliance	
26. The planned alteration measures on wetlands in fields are no installed will cause the area to become a Converted Wetland (CW). See item 22 for information on CW+year.	ot considered to be ma	intenance and if	
	son on 5-6-5	2	
28. Remarks.			
29. I certify that the above determination is correct and adequate for use in determining eligibility for USDA program benefits, and that wetland hydrology, hydric soils, and hydrophytic vegetation under normal circumstances exist on all areas outlined as Wetlands, Farmed Wetlands, and Farmed Wetlands Pasture.	·	-6-92

RE: WETLAND APPEALS

Dear Lloyd Sahl:

This is to acknowlege your wetland appeal letter, received during the appeal period of May 31 - July 15, 1991, on the following tract(s):

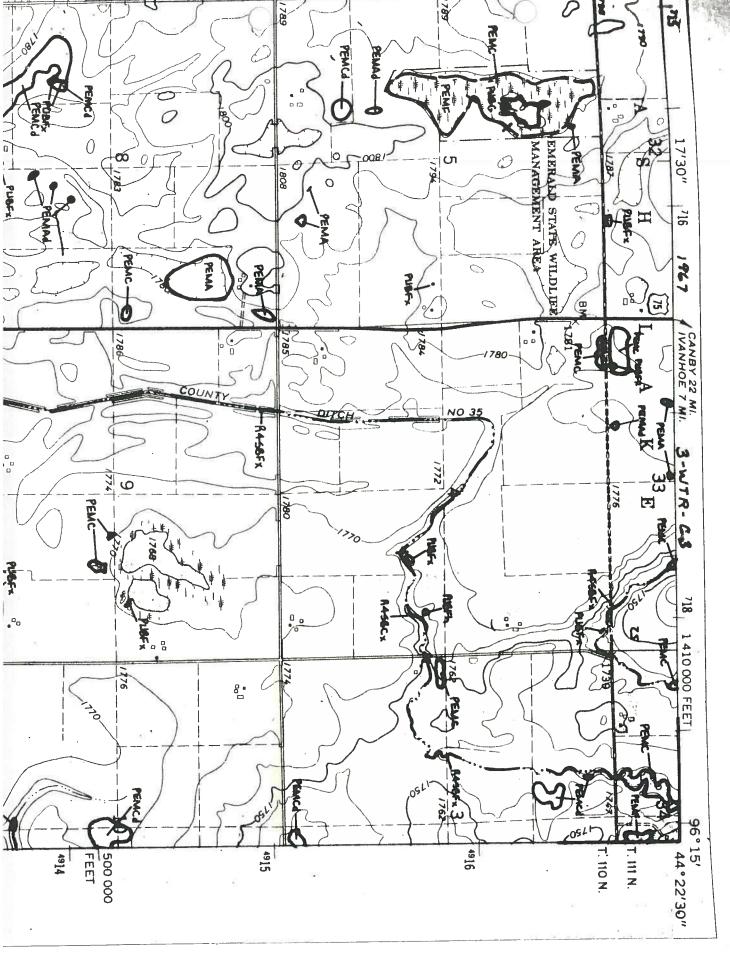

1220	<u></u>

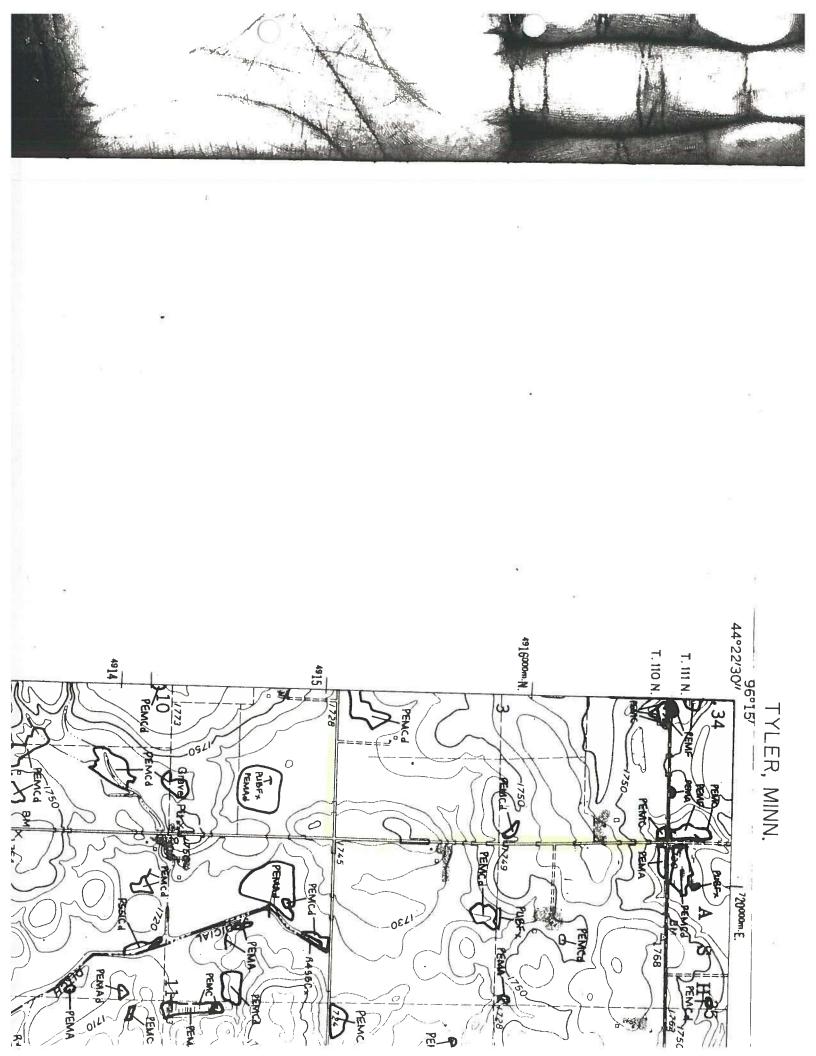

Our staff will perform the appeal determination as soon as our workload permits. If you have not returned your Drainage System Worksheet(s), please do so as soon as possible to prevent delays in processing your appeal(s). I will advise you of the appeal determination results by mail.

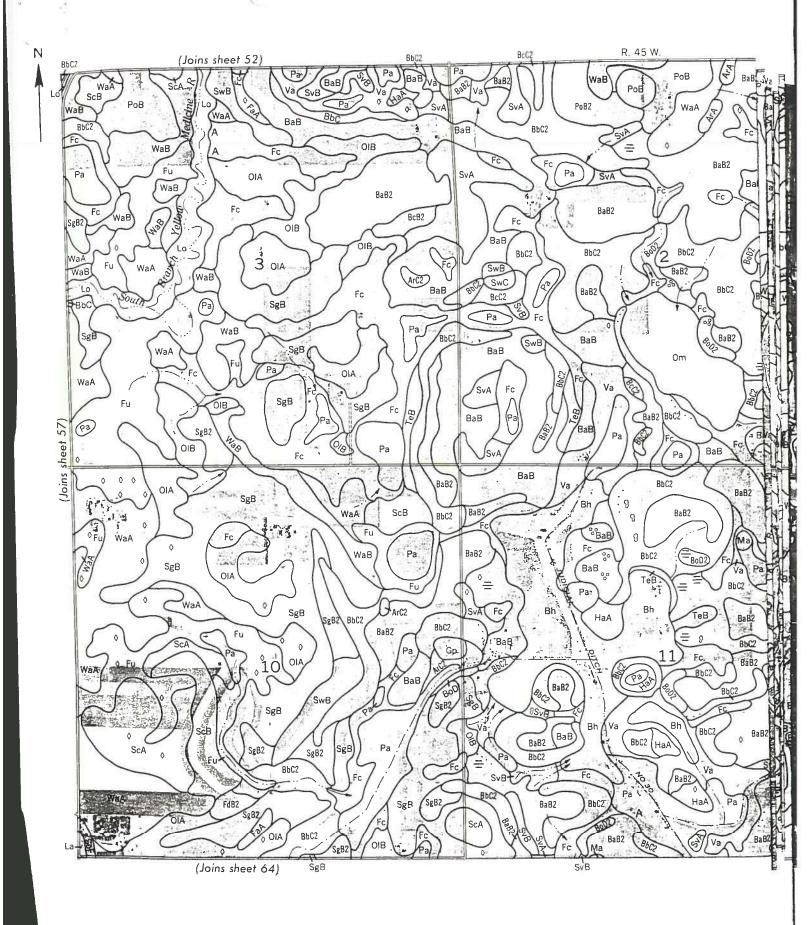

Sincerely,

James A. Lahn

District Conservationist

RE: WETLAND APPEAL DETERMINATION

Dear M. Dali

Attached is your wetland appeal determination for tract(s) __j_2_zo____.

NUTES/RESU	L15:		
	ttached shote		
		 ~	

Under the 1990 Farm Bill, any conversion of a wetland results in a Swampbuster violation. It is no longer possible to plant a non-commodity crop on a converted wetland and still remain in compliance.

If you choose to appeal this determination, you must do so within 45 days. The appeal should be addressed to:

Mike Appel, Area Conservationist Soil Conservation Service 1401 Peterson Street Marshall, MN 56258-2009

The Soil Conservation Service does reserve the right to review all wetlands on a tract when doing an appeal determination.

If you have questions regarding this appeal decision, please contact me at 507-537-0541.

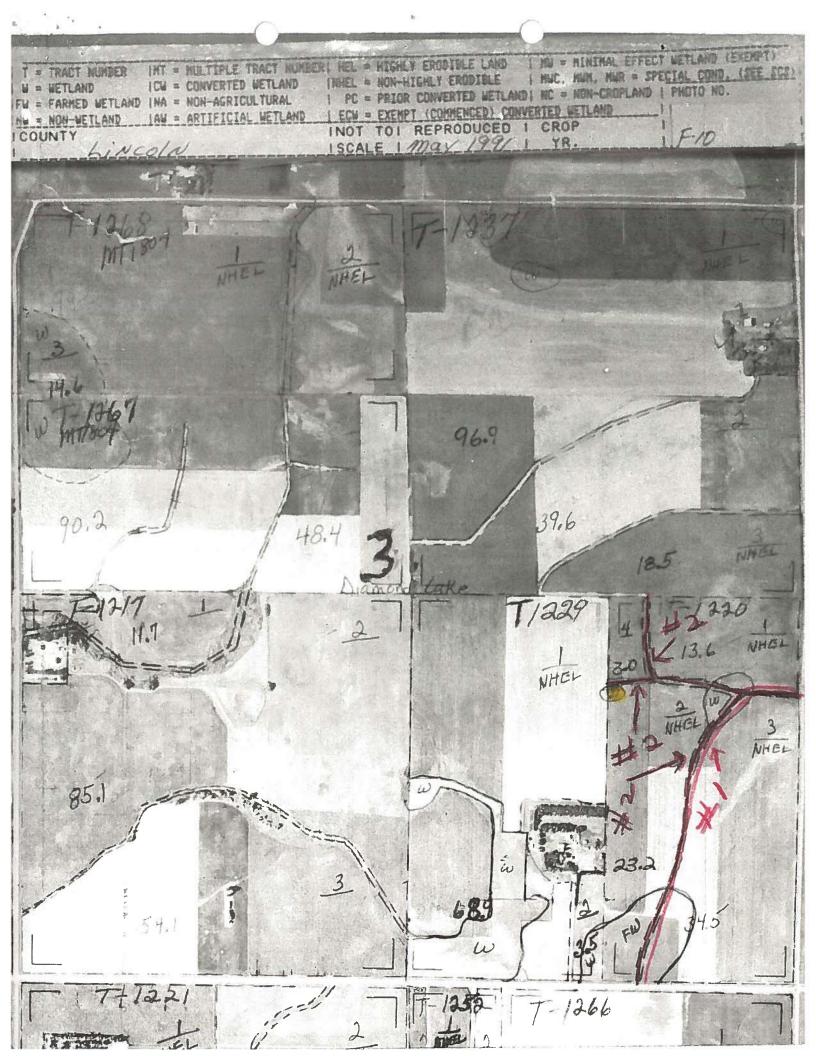

Sincerely,

Michael Nienaber

Acting District Conservationist
